**Preliminary announcement  
Jubilee Symposium**

**Globalisation & Landscape Change**

**Wednesday May 18, 2011, 9 am – 6 pm  
Wageningen**

To celebrate her 60th anniversary, the Dutch Land & Water Network organises a symposium on Globalisation and Landscape Change on Wednesday, May 18, 2011. Across the world, the process of economic, political and cultural interaction and integration is advancing. Globalisation has consequences for the landscape worldwide. Can we provide the increasing world population with sufficient, high quality food? Should we speak of a global water crisis? What can we do to relieve this? How are the relations between global shifts in the use of space, such as migration to cities, and broader economic, social and political developments? What do these developments entail for the landscape? And is there still room for one's own identity?

We are happy to announce the following speakers:

**Prof. Ir. Rudy Rabbinge**

University Professor, Wageningen UR

**Dr. Colin Chartres**

Director-general of the International Water Management Institute (Sri Lanka)

**Prof. Dr. Hans van Ginkel**

Former Rector of Utrecht University and United Nations University (Tokyo)  
Honorary Professor Human Geography and Planning

**Prof. Dr. Jørgen Primdahl**

Professor Landscape Planning, University of Copenhagen, Faculty of Life Sciences, Department of Forest & Landscape

To be sure, there will be ample opportunity for informal encounters and reunions. We will conclude the day with a festive gathering. The final program of the symposium will be sent six weeks before the event at the latest.

Venue:  
Wageningen UR  
Gaia 1 and 2  
Droevendaalsesteeg 3  
6708 PB Wageningen, The Netherlands

Costs:  
Members: free  
Nonmembers: € 15

Registration:  
You can register for the symposium through KLV: [http://bit.ly/NLWjubileum\\_18052011](http://bit.ly/NLWjubileum_18052011).  
The possible number of participants is limited; admission will be in order of registration.
